

# Savosolar Plc has drawn up a supplement to the prospectus

Savosolar Plc

Company Announcement

5 July 2018 at 3:30 p.m. (CEST)

## **Savosolar has drawn up a supplement to the prospectus**

As announced on 5 July 2018, Savosolar signed an agreement for the delivery of a solar thermal collector field to Jelling Varmevaerk. For this reason, the company has drawn up a supplement to the prospectus dated 14 June 2018.

The Finnish Financial Supervisory Authority has today on 5 July 2018 approved the supplement which is attached in full to this release.

## **Cancellation right**

Investors who have subscribed for Offer Shares before the publication of this supplement to the Prospectus may choose to cancel their subscriptions. The cancellation right must be exercised within a cancellation period of two (2) Finnish banking days from the publication of this supplement to the Prospectus, i.e., no later than on 9 July 2017 at 18:00 Finnish time (17:00 Swedish time).

Cancellations must be filed with the office with which the subscription was placed. However, subscriptions placed on the website of Aqurat Fondkommission AB cannot be cancelled on the website but should be cancelled by contacting Aqurat Fondkommission AB at [info@aqurat.se](mailto:info@aqurat.se) or telephone +46 (0)8 684 05 800.

Where an investor has cancelled their subscription, any subscription price already paid by that investor will be returned to the bank account of the investor given by the investor in connection with the subscription. The funds will be repaid within three (3) local banking days of the cancellation of the subscription. No interest will be paid on the amounts returned.

## **Savosolar in brief**

*Savosolar with its highly efficient collectors and large-scale solar thermal systems has taken solar thermal technology to the next level. The company's collectors are equipped with the patented nano-coated direct flow absorbers, and with this leading technology, Savosolar helps its customers to produce competitive clean energy. Savosolar's vision is to be the first-choice supplier to high performance solar installations on a global scale. Focus is on large-scale applications like district heating, industrial process heating and real estate systems – market segments with a big potential for rapid growth. The company primarily delivers complete systems from design to installation, using the best local partners. Savosolar is known as the most innovative company in the business, and aims to stay as such. The company has sold and delivered its products to 18 countries on four continents. Savosolar's shares are listed on Nasdaq First North Sweden with the ticker SAVOS and on Nasdaq First North Finland with the ticker SAVOH. [www.savosolar.com](http://www.savosolar.com).*

*The company's Certified Adviser is Augment Partners AB, phone: +46 8-505 65 172.*
