

Approximately 89.51 per cent of the warrants in Savosolar Plc's warrant plan 2-2020 used for subscription of shares

Savosolar Plc

Company Announcement, Insider information 24 March 2021 at 4.00 p.m. (CET)

Approximately 89.51 per cent of the warrants in Savosolar Plc's warrant plan 2-2020 used for subscription of shares

Approximately 89.51 per cent of Savosolar Plc's ("Savosolar" or the "Company") warrants under warrant plan 2-2020 have been used for subscription of shares, raising approximately EUR 1.25 million. The Company has additionally decided on a directed share issue of approximately EUR 0.15 million (the "Directed Issue").

The subscription period based on Savosolar's warrant plan 2-2020 ended on 19 March 2021. Based on the warrants, 12,977,135 new shares were subscribed for and the Company will receive approximately EUR 1.25 million in proceeds before transaction costs. Approximately 89.51 per cent of the warrants were used for subscription of shares.

As announced by the Company on 8 March 2021, the Company entered into an agreement on a top guarantee in the maximum amount of approximately EUR 0.42 million that can be used if the warrants in the Warrant plan 2-2020 are not fully used for subscription of shares. Therefore, the Board of Directors has decided on the Directed Issue of up to 1,521,496 shares, which will raise additional proceeds of approximately EUR 0.15 million before transaction costs. The subscription price is SEK 0,977 per share, which is the same as the subscription price based on the warrants.

In accordance with the underwriting agreement for the Directed Issue, the investor is entitled to an underwriting fee equal to 8 per cent to the extent that the top guarantee is used by the Company, payable in cash by the Company.

The warrants which were not exercised under the warrant plan 2-2020 have lost their value and will be removed from the securities' accounts of the warrant holders.
